

Spares for Witt OXYBABY

Keep your Oxybaby in perfect condition with this range of spare parts.

	Filters	NGP3029 (800.462800)
	Needles (includes cleaning wires) (Sold as pack of 5)	NGP3027 (800.499700)
	Septums (Sold as a sheet of 100)	NGP3058
	Needle cover	956.652700
	Oxygen chemical cell	NGP3032 (800.515100)
	Oxygen chemical cell replacement and calibration (requires return of Oxybaby to NGP)	NGP3041
	Calibration regulator kit* – Nitrogen	NGP5016
	Calibration regulator kit* – CO2	NGP5017

* Calibration kits make it easy to perform calibration of your Oxybaby on a regular basis at your premises. Oxybaby O2 only version requires either kit (depending on your choice of gas), Oxybaby O2/CO2 requires both kits.
